

2009-2010 Budget At a Glance

In 1990 Whatcom County's population was 129,000. In 2009 and 2010, the number of citizens in this county is expected to exceed 197,000. Whatcom County government has diverse responsibilities to these citizens. The following are some of the basic services we must provide:

- Law enforcement
- District and Superior courts
- Jail
- Property valuation
- Tax collection & distribution
- Elections
- Document recording
- Vehicle licensing
- Public health protection
- Animal control
- Land use planning
- Building code enforcement
- Road construction and maintenance

In addition to mandated services, we also provide services considered essential by the citizenship, such as ambulance, parks, senior centers and public education programs. For every 1,000 in Whatcom County population, the number of county government employees is expected to decline to 4.7 by 2010 due to economic conditions (see chart below).

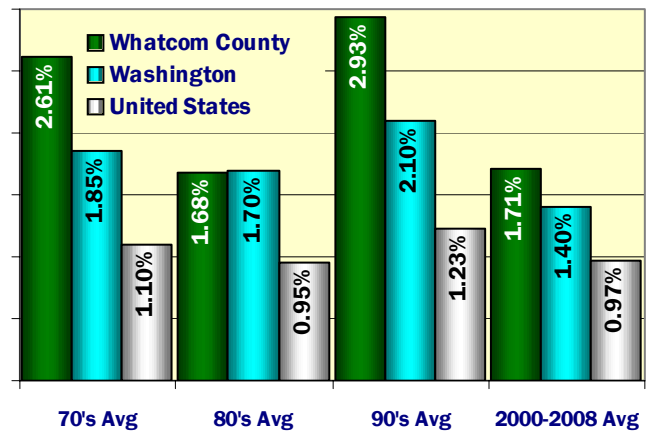

County Employees Per 1,000 in Population

Based on "full time equivalents" (FTE's), 40 hours per week.

Over the last decade, Whatcom County's overall average annual population growth rate has exceeded both that of the state and the country.

Revenue & Expenditure History

This chart represents all Whatcom County funds combined and shows by year, a comparison of all Whatcom County revenues (bars) and expenditures (line). See facing page for detail.

NOTE: Where revenues fall short of expenditures, the county uses available reserves (fund balance). In addition, expenditure authority for continuing appropriations and multiyear capital project budgets, such as road construction budgets, will be rolled forward to the subsequent year after the current year is closed out. Also, expenditure budget lapses in the current 2008 budget year are expected to be substantial as the County implements measures to curtail spending.

***NOTES: Regarding negative balances in budget years – For 2009 and 2010, Whatcom County is planning for an approximate 3% lapse in budgeted operating costs. Capital project lapses are greater due to permitting delays and contracts that span more than one year. For 2008, the county expects a budget lapse of at least 7% in the General Fund as measures have been implemented to curtail spending. The Road Fund is expected to only spend \$8 million of its \$21 million road construction budget due to projects being scaled back or delayed.**
