RE: URBAN GROWTH AREA PROPOSAL

Commission Members:

My address is given above. I own property with the parcel number of 390211 368490 0000. I am concerned that the changes under the current UGA proposal will adversely impact my property, its value, future use & my taxes. I urge you to retain the existing boundaries until a better study of the issue & more realistic growth projections can be used.

Also, enacting laws without public voting is wrong. This is where this is going, and it is not "best for all".

Sincerely

Eric + Kelly Larson
