Subject: Executive Director UGA recommendations

I, and many of my neighbors, strongly support Mr. Kremen's recommendation to remove West Blaine as one of Blaine's UGAs. We continue to be very concerned that the further development of this area will result in more flooding, high bluff erosion in our area, because of increased stormwater runoff due to greatly expanded impervious surfaces. Also, taxpayer responsibility for infrastructure improvements--roads, school, stormwater facilities, and others, would not be a welcome addition to taxes.

Thank You
Keats Garman
