Dear Council Member

I attended the Geneva Association meeting last night, Wednesday, 10/21. The subject of the meeting was to discuss Geneva continuing in the UGA management. It is my wish that Geneva does NOT. I would like Geneva to remain as part of Whatcom County. The subject of annexation was also raised in relation to protecting the water quality of Lake Whatcom. Seth Fleetwood, who attended, confirmed there was really very little fact to support that reasoning. It was also mentioned by the planners that further building opportunities are very, very limited in our area and that Geneva is "built out" so there will be very little growth to manage beyond what now exists.

As a 21 year resident I believe our current utilities and services to the community are quite adequate and see no benefit from being part of the UGA or by being annexd to Bellingham.

I like the feel our community as it is and wish it to remain so that is the major reason I live there.

Please, please consider releasing Geneva from the UGA and leave it to the community itself to make further decisions for its future.

Thank you for your support in this matter.

Jean Furlong
