Executive Kremen and Whatcom County Planning Dept. and County Council Members;

I am writing to urge you to maintain Yew Street Rd. in the UGA.

It is my understanding that Mayor Dan Pike has recommended leaving Geneva and the Yew Street Road area in the growth area, saying that having the city enforce its development and environmental rules would best protect the lakes.

My family has property at 1812 Yew Street Road which intersects with Samish Rd.. We are hooked up to City Water and Sewer and the land is approximately 2 acres. The property is next to the high density mobile, Cedar Grove.

Any potential development would be long down the road but would always be in compliance with all protections of the watershed and lake.

Please do not go backwards after years of property owners reliance on the current designation. I am an environmentalist, but I also work hard to maintain my investments. The City Planning Department has worked years in defining the UGA and Yew Street has always been a preferred location for the UGA. A public School just was put in.

Please maintain Yew Street in the UGA.
