Thank you for the opportunity to speak at last weeks work session. We appreciate very much your understanding of our concerns in light of this complex issue.

I have one short update based on the maps that were generated after your work session.

There is another pending project that had full approvals in Birch Bay. I have attached the map for Sunrise Meadows on Blaine Road. This is a 45 home site project with a very large wetland buffer and mitigation. The developer worked with the community to include a park area and for a safe entry to the site which included improvements to Blaine Rd.

Should this project then be included in the UGA for the same reasons as the Garrett and Whisper lake properties?

That then on leaves two parcels in the middle of the basin left out, obviously our preference is to be in.

Thank you for your attention to this issue and all that you do.

Lisa
