Good morning,

I am writing in support of the Larabee Springs Sports Complex. I am a father of four children that have all grown up, and are still growing, in this great community.

This is a wonderful concept that our community desperately needs. I have travelled the world and see this type of development that allows for open space and a walk able community meets the needs of the residents. It is very successful in many Commonwealth countries and can be here in Bellingham as well.

A healthy community is greatly enhanced by the quality of life it provides for its residents. I ask that the County Council support Larabee Springs.

Thank you

Paul Horne
