Subject: Grocery Store

My name is Shaun Conley. My wife and I live at 412 Sprague Vally Dr in Maple Falls. That is part of Peaceful Vally Country Club. We both would like to see a Full service Grocery Store in this area. The small local stores are nice but can not provide all the items necessary. Trips to Bellingham to get these items are costly and wasteful. We would both also like to see other services in the area, such as Pharmacies, Pet Stores, and other shopping center stores. The community here is growing and adding these would also add jobs which would stop the long commute to Bellingham just to get work so we can afford to live. Email is the only way I can express this opinion due to the long work hours and commute time needed to for work.

Thank you for your time
Shaun and Kristen Conley
