Subject: Foothills Sub Area Plan Support

To The Whatcom County Council Members and Planning and Development Services,

We wanted to let you know that we support the Foothills Sub Area Plan as submitted and would like to see each of you cast your vote to support it as well. We own/live in Peaceful Valley. With such a large population in this area already, it is very important to create local opportunities to shop, increase local job opportunities, and provide local services in general. The people of the foothills deserve this opportunity. Please vote to accept the Foothills Sub Area Plan as submitted.

Thank You,
Kenneth and Tracy Ruttan
