Subject: Foothills Subarea Plan

CC: <rboxx@co.whatcom.wa.us>

Dear Mr. Stalheim:

I am concerned about the Foothills Sub-Area Plan, and think it should be rejected. I don't think it properly represents either the facts connected with the area, or the nature of the community.

It seems to be full of unsupported guesswork based on unrelated data.

This area doesn't have the financially supported education, social service network, protective services (police, fire, emergency), or funded library systems etc. necessary for an Urban development of the kind in view. I'm not at all sure that any proper polling was done with the people most directly impacted by this.

I strongly recommend the Plan be rejected and our area left as a Rural area out here, at least until it is reconsidered properly, using the right background data and input from the right people.

Thank you for hearing my input.

Frances L. Hedberg
