Seattle, Washington 98115

Reference: 200001012
Port of Bellingham

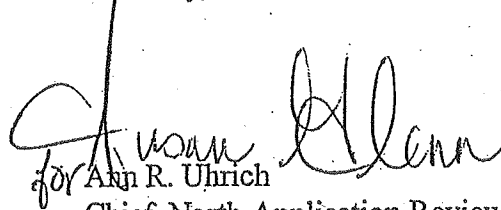

Ladies and Gentlemen:

This letter comes regarding your request for a 5-year extension on the wetland delineation that was done at the Bellingham Airport (Port of Bellingham) under permit number 199800381. Reference U.S. Army Corps of Engineers letter dated June 30, 1998, for additional information.

This re-verification of jurisdiction is valid to June 30, 2008. Your request is being granted since you have stated that the land use has remained the same; and no clearing, grading, or construction has taken place since the wetlands were delineated. Please note that any future development plans should be submitted with a permit application and all other appropriate information.

Should you have any questions regarding this extension, please feel free to contact Ms. Sarah Rahman at (206) 764-5526.

Sincerely,

for Ann R. Uhrich

Chief, North Application Review Section
