Subject: Whatcom County Rural Element - September 14 meeting follow-up

Good afternoon:

The PDS web site has been updated to show the draft amendments that will be discussed by the County Council on September 14. This is the same information as was posted in the County Council agenda packet, but on the web site it is broken into smaller components and shown in color, making maps and text revisions easier to read. The draft is posted on the "Proposed" page at <http://www.whatcomcounty.us/pds/plan/long/projects/lamird/proposed.jsp> For those who want to compare it with the Planning Commission recommended version, the Planning Commission recommendation can be accessed on the "Public Process" page at <http://www.whatcomcounty.us/pds/plan/long/projects/lamird/updateprocess.jsp> Public comments are also posted on that page.

If you need a printed version of all or part of the draft, please let me know and our front counter staff can provide copies at 15 cents per sheet.
