Subject: Agricultural Land Estimates Foothills Subarea SEIS

September 15, 2008

Matt Aamot, Senior Planner
Whatcom County Planning and
Development Services

Re: The Foothills Subarea SEIS

Dear Mr. Aamot:

In the Foothills Subarea SEIS the claim is made there is a total of 214
areas of agricultural land in the foothills.

However, according to a list compiled by Foothills residents and including
anecdotal information from old-timers this number is grossly underestimated.
A more accurate estimate would be at least 2500 acres; Canadian ag land has
an affect on the foothills as well.

This information should have been documented as part of the SEIS. This
error must be corrected.

Regards,

Jack Wilson
Maple Falls Resident
