Dear Planning Commissioners:  
I would like to voice my opinions regarding the final SEIS:

I support the Minority report  
I support Professor John McLaughlin's population analysis for Whatcom county  
I urge the county to use all the traffic counts of the Independent Traffic Report  
I am against higher taxes to pay for mitigation costs to increase services (fire, EMS, schools, law enforcement, WASDOT)  
I believe there are too many water and environmental impact issues that have not been properly studied under the current SEIS  
I support Foothills Friend's public comments  
PLEASE PRESERVE RURAL CHARACTER!!

Thank You,

Nori Zukerman
