

**NOTES:**

1. Medlans shall be a minimum of 5 feet wide and shall be designed so as not to limit turning radii or sight distance at intersections.
2. Medlans may be grassed, landscaped, or surfaced with aggregate.
3. Ground covers and shrubs may not exceed 2 feet in height above the road surface.
4. Trees shall not have more than a 4 inch trunk diameter (caliper) at maturity and shall be trimmed to be within the back of curb lines and branches shall not hang lower than 7 feet from the road surface.
5. Vegetated medians shall be irrigated.
6. Maintenance of vegetation and associated irrigation is the responsibility of the Homeowner's association or adjacent homeowner(s).
7. Medians shall have adequate provisions for drainage.
