Lummi Island Foot Ferry Van: Out of Service

Whatcom County Public Works is advising residents of Lummi Island that the commuter van has experienced a mechanical failure. The van is utilized to shuttle residents located around the Island to and from, the Ferry Dock during the dry dock operations.

A mechanical failure was reported late Wednesday evening. Staff is scheduled to evaluate the severity of the problem as soon as possible Thursday morning.

Residents need to be aware that the service will not be available until further notice. Additional information will be communicated as soon as it is available.
