FOR IMMEDIATE RELEASE

January 25, 2012

### Planned Service Outage for the Lummi Island Ferry

Whatcom County Public Works would like to inform the public of permanent repair work and necessary inspection and maintenance to the Lummi Island and Gooseberry Point approach spans. Accordingly, on Tuesday and Wednesday, February 7 and 8, 2012 from 10:30 a.m. to approximately 3:00 p.m. the Whatcom Chief will not be in service. Ferry operations must be suspended during the project repair work. Accordingly, the dedicated Tuesday fuel truck runs will be cancelled on February 7, 2012.

Due to the complex nature of these repairs there will not be any exceptions or additional runs after the posted last run times. The last morning run from the Gooseberry Point side will be 10:10 a.m. and the last morning run from the Lummi Island side will be 10:20 a.m.

The repair, inspection and maintenance activities are weather dependant so the times and/or date may be changed if necessary. In the event a schedule change is necessary, notice will be provided as soon as possible.

The Public Works Department would like to thank everyone in advance for their cooperation and patience during these necessary repairs, inspection and maintenance activities.

Any questions or concerns may be directed to Mr. Frank Abart, Public Works Director, at (360) 676-6692.
