

Address Application and Display Requirements

Application

1. Please fill out the Address Application with your current mailing address, daytime phone number, and parcel (or tax ID) number. If you are requesting an address for a lot in a plat, include the name of the plat and your lot number.

2. If your property is not in a plat, please include a map or drawing of your parcel which shows your proposed driveway. Add the addresses and driveway locations of your

neighbors on either side and across the street, if possible.

3. The address assignment fee is \$35.00.

4. Return this form, map, and \$35.00 (checks made payable to Whatcom County Engineering), to: Whatcom County Engineering Division, 5280 Northwest Drive Suite C, Bellingham WA, 98226. We will process your address within five working days and mail you your new address.

Address Display Requirements

Per Uniform Fire Code 901.4.4

1. Address numbers must be displayed on your house and mailbox. The address numbers on your house must be at least three inches in height. Mailbox numbers must be at least one inch high. For further information on mailbox placement and identification please call your local post office.

2. If your house is not visible from the road, you must place an address post at the driveway/road intersection. Address numbers should be three inches in height and reflective, clearly displayed, and visible from both directions. See Addressing Handout 7 for more information.
