

Upcoming Construction Project Notification

Hannegan Road/Ten Mile Creek Bridge No. 236 Replacement CRP No. 913007

Project Newsletter Number 2

May 14, 2018

Project Location: Hannegan Road at Ten Mile Creek located approximately 1,000-feet north of Ten Mile Road.

Project Details: Whatcom County Public Works is planning to replace the existing 31-foot channel girder bridge on timber caps and piles with a 64-foot span precast, prestressed voided slab bridge. Work will also include approach slabs, roadway approach work and guard rail installation.

The construction contract for this project has been awarded to Razz Construction, Inc.

Traffic Limitations: Hannegan Road will be closed at this location during construction starting in August 2018 (after the Northwest Washington Fair) and continuing through November. A signed detour will be in place during construction which will utilize Ten Mile Road, Noon Road and Central Road for local traffic. The truck detour will include Axton Road, Guide Meridian (SR 539) and Pole Road (SR 544).

For More Information: please visit the project website located at the following:
