

Upcoming Construction Project and West Badger Road Closure Notification

West Badger Road/Bertrand Creek Bridge No. 50 Replacement
CRP No. 915024

Project Newsletter Number 3

June 10, 2019

Project Location: West Badger Road at Bertrand Creek located approximately 1-mile west of Guide Meridian (SR 539).

Project Details: Whatcom County Public Works is replacing the existing 69-foot channel girder bridge on timber caps and piles with a 100-foot span precast, prestressed reinforced concrete bridge. Work will also include approach slabs, roadway approach work and guardrail installation.

The construction contract for this project has been awarded to Razz Construction, Inc.

Traffic Limitations: **WEST BADGER ROAD WILL BE CLOSED AT THIS LOCATION BEGINNING MONDAY, JUNE 24.** Construction activities and the associated road closure are expected to continue through December, 2019. A signed detour will be in place during construction which will utilize Berthusen Road, Loomis Trail Road and Weidkamp Road for local traffic. The truck detour will include Guide Meridian (SR 539), Birch Bay Lynden Road and Sunrise Road.
